To

The Secretary to Government,
Development Department.

No 1340-FC/44 *dated* 5th June 1945.

Sir,

Sub: Education - School - Hejmadikoli - Raising to Higher Elementary grade - Opening of Standard VI in June 1945 Sanction requested.

Enclosures .....

Spare Copies .....

The Fishermen of Hejmadi, Mulki Karnad and K villages in South Kanara have been persistently ..ki ing me from 1943 for raising the Fisheries Lower El mentary Grade School by opening standards VI to VIII in successive years. The two existing Higher Elementary Schools in the locality viz. (1) Hejmadi Board Higher Elementary School and (2) Board High School, Mulki are more than two miles distant fro. those places and children have to cross a xxxxxxxx river to go over to any of these schools. Besides this they will get no vocational education with fishery bias in these schools. On these considerations the Divisional Inspector of Schools, Coimbatore granted permission to the opening of standard VI in the Hejmadikoli Fisheries School in June 1945 - vide copy of his proceedings enclosed. The Head master of the school reports that 27 pupils are now awaiting admission to standard VI. The strength of classes expected in the ensuing year is as follows:-

		No. of teachers
Standard I	76	2
-do- II	65	2
-do- III	45	1
-do- IV	29	1
-do- V.	31	1
-do- VI	27	1

is [illegible], the [illegible] of Standard V will [illegible]. I, therefore request that early orders of [illegible] may be obtained for opening Standard VI in June 1945 [illegible] employment of two teachers of Higher Elementary Grade in this [illegible] from June 1945 to 31-3-46. I may in this connection point out that while there are six fisheries Higher Elementary Schools in Malabar, there is none at present in South Kanara and the opening a few lower elementary schools in South Kanara District are raised to the Higher Elementary Grade the better as this will also redress a long standing grievance of the fishermen of that district.

3. The opening of the Higher standard proposed will involve an additional expenditure by way of furniture, apparatus, books and provision of additional accommodation. Details regarding these items are being called for and will be submitted to Government shortly. It may be possible for the present to get on with the existing accommodation and to meet the additional expenditure involved from the existing provision in the budget estimate for 1945-46 subject to re-appropriation in the course of the year.

for Director of Industries & Commerce.

Endt. No. 1161 Edn. dated 12/6/45 C.B. (para 3) 15-7-45

Note According to rule 16 of the rules for the grant of recognition to elementary schools, there should ordinarily be at least one teacher for every 35 pupils in average attendance. In the present case, though the Dir. has not furnished the average attendance of the school, he has explained at 'A' on p. 1 of the need for the employment of two addl. teachers, on the basis of the strength of classes expected the ensuing year.

Ordinarily the proposals should be treated as a Part II scheme. However for the reasons stated in 'B' on pp 1-2 of the proposals may be sanctioned now. The draft order above is for approval. It may be sent to Finance for acceptance.
